Bidding and Buying

- Vehicles are offered via bidding, "Buy Now" or a combination – buttons for each option will display as appropriate.
- If bidding is available, bids placed above the minimum is treated as a "Proxy" bid (where the system will automatically bid for you against competing bidders in increments until the maximum you set). Proxy bids are confidential and not known to anyone except the person who placed the bid.

CONFIRM BID AMOUNT

Vehicle: 2005 AUDI A4 CABRIOLET
VIN: WAUAC48H85K010961

Your Bid Amount:

Your Price : \$20,800
Buy Fee : \$275
Processing Price : \$0
Transportation Price : \$0
Transportation Incentive : \$0
Total Price : \$20,875

Before confirming your purchase, please choose your shipping and payment methods.

I would like to have the car shipped to the drop off location below:

DEMO 15 day(s) estimated \$675 (\$1,175 Fee - \$500 Incentive)
 I will arrange transportation.

Payment Method:

Dealer Check to OPENLANE.com \$0
 Bridge Bucks 7/\$50 \$0
 Bridge Bucks 14/\$100 \$0

Checking this box and pressing 'Confirm' means if you are the highest bidder at the end of the auction you are agreeing to purchase the vehicle and to the following:

1. The terms and conditions, and purchase dispute guidelines posted on the site
2. Your total purchase amount including vehicle purchase price, buy fee and transport (as applicable)
3. Provide funds before receiving title and/or vehicle
4. Settlement information [CLICK TO VIEW](#)

Please click the button below only ONCE. Multiple clicks may cause an error to occur. Thanks!

Bidding Example:

CH Motors finds a 2005 BMW 330i with a minimum bid amount of \$23,800. The vehicle currently has no bids, and accepts bids in \$100 increments.

CH Motors can place a bid at the minimum amount and will be the leading bidder at \$23,800.

Alternatively, CH Motors can place a bid higher than the minimum. Any bid placed that is higher than the minimum bid will be treated as a proxy bid. The system will raise your bid on your behalf when competing bids are placed until your proxy bid has been reached. Proxy bids are confidential and are not known to anyone except to the user that placed the bid.

In this example, let's say CH Motors places a bid of \$25,000. After confirming the bid, CH Motors will be the leading bidder at \$23,800. The next minimum bid that can be placed by a competing bidder is \$23,900. JS Enterprises finds the 2005 BMW 330i and places a bid of \$23,900. The bid is accepted. Since bidding is still below CH Motor's proxy bid, the system will automatically place a bid on CH Motors' behalf. CH Motors will be the current high bidder at \$24,000. The next minimum bid that can be placed by a competing bidder is \$24,100.

If a competing bid is placed which matches an existing proxy bid, the leading bid will be awarded to the bidder that placed the bid first. Continuing our example, if JS Enterprises decides to place a bid at \$25,000 – the bid will be accepted, but CH Motors will still be the leading bidder at \$25,000.

Watchlist

The Watchlist page allows you to keep track of all the vehicles you flagged to watch, or are actively bidding on. You can add vehicles to your Watchlist from the Search Results page, the Vehicle Details page and by bidding on a vehicle.

Your Watchlist:

1. Can be accessed from any page by a link in the top right hand corner.
2. Offers the ability to manage the vehicles that you are interested in.
3. Is your dashboard to acquire new units and sell aged and/or surplus inventory.
4. Can be filtered by Bid Only and Watchlist Only. Use the pull down menu to manage your Watchlist.

My Max Bid: This bid is your proxy bid on the unit.

Current Price: Dealers see the highest price and buy now price under Current Price.

My Account

On the My Account page, you can view and manage your personal information such as name, phone number, mailing address, email address, and password.

To receive information on Purchases and Bid Status, select the desired notification and delivery method.

- **Purchase:** User is notified when a vehicle has been successfully purchased
- **Outbid:** User is notified when a vehicle has been outbid by another dealer
- **Confirmation of Bid:** User is notified when their bid has been confirmed
- **Returned Vehicle Purchased by Another Dealer:** User is notified if a vehicle their dealership has turned in has been purchased by another dealer
- **Bid Received*:** User is notified when a bid is placed on a vehicle their dealership has listed for sale
- **Vehicle Sold*:** User is notified when a vehicle they've listed has sold
- **Vehicle Not Sold*:** User is notified when a vehicle they've listed hasn't sold and is no longer at auction
- **Pending Listing Expired*:** This notification is sent when a listing they've created, but haven't yet released to auction, is about to be deleted from the system

Additionally, you will be able to send copies of a particular notification to other email addresses. Users can enable this feature by entering an email address in the **CC to multiple emails** box. For example, a user might send a copy of the Purchase notification to the accounts payable department so they are immediately notified when a vehicle has been purchased.

Listing Inventory for Auction

From the iDEAL dashboard, enter the VIN into the "List a Vehicle" panel and click continue. Follow these 5 easy steps to list your vehicle. We encourage you to be complete as possible when entering information about the vehicle.

STEP 1: Enter Vehicle Information

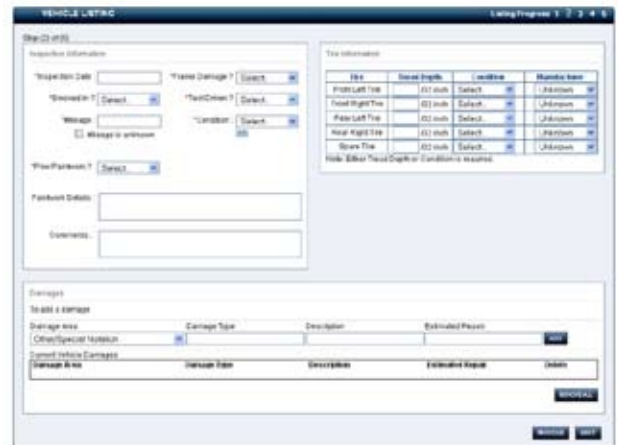

If our system has information on the VIN you entered, it will be automatically populated on this page. You should verify this information and enter those attributes that were not populated by our system. On this page you may also enter an announcement about the vehicle which will be viewable by the buyer. Click "NEXT" to save your work and continue to step 2.

STEP 2: Enter Inspection Information

Enter the inspection, tire, and damage information. Some information fields are required before you click "NEXT" to save your work and continue to step 3.

Note: Required information is designated by a red asterisk.

STEP 3: Upload Vehicle Photos

Click on the appropriate link to upload one picture at a time or to use the multi-picture uploader function. You will need a Java plug-in to run the multi-picture uploader. Once loaded you will have the ability to move and sort pictures as you wish by dragging and dropping your photos in the "Organize Your Vehicle Photos" panel. You can also delete a photo by dragging it to the trash bin. You may upload up to 50 pictures.

Listing Inventory for Auction (continued)

From the iDEAL dashboard, enter the VIN into the "List a Vehicle" panel and click continue. Follow these 5 easy steps to list your vehicle. We encourage you to be complete as possible when entering information about the vehicle.

STEP 4: Vehicle Location and Pricing

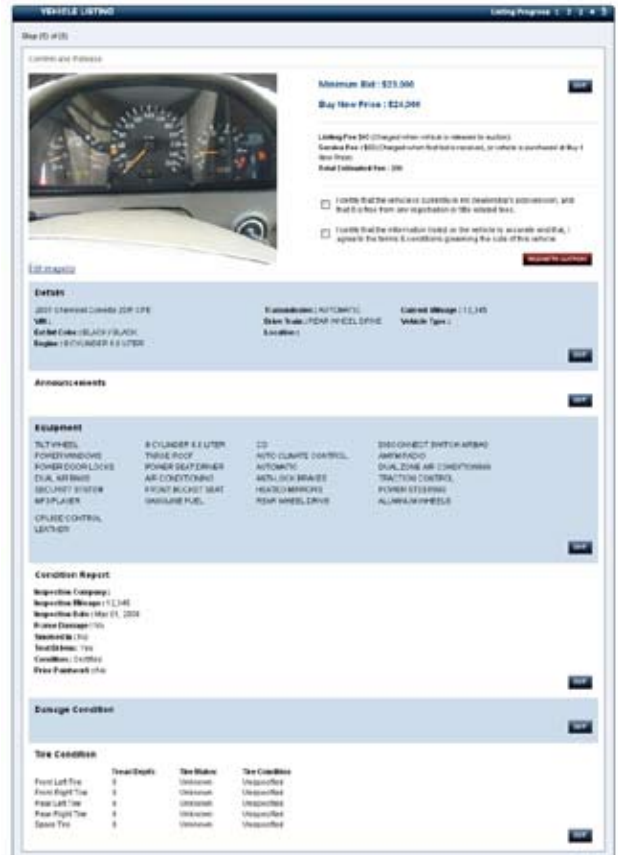

You will notice your dealer name, location, and contact information is pre-populated. You can update your contact information from this page. If a new location for the vehicle is required, this may be entered by clicking on the "New Location" button. If title of the vehicle is held by a Floorplan, then adding this information can be done by clicking the "Add Floorplan" button

You must enter either a Reserve Price or a Buy Now price or both. If the Reserve Price is entered, it will become the opening bid.

STEP 5: Confirm and Release to Auction

You have the ability to edit specific sections by clicking the "Edit" buttons in the appropriate sections. Once done, you may navigate back to step 5 and release the vehicle to auction. Before it can be released, you must check the two Terms & Conditions boxes. Once released to auction this vehicle will be visible in the "Live Listings" tab of the seller dashboard.
